

## DESIGNER X ANIMATOR

### Profile

I am a graphic designer who also takes part in motion graphics, photography, illustration, booklet design, and more. With years of design experience, I can lead you in the right direction for visuals based on demographic research,

having a natural eye for color compatibility, and composition.

Along with keeping up with current music, especially hip-hop, I also like to share the worst "Dad jokes" imaginable.

### Interests

#### BY DAY

Listening to Hip-hop

Drawing creatures on restaurant napkins

Wandering around taking pictures while trying not to be a nuisance

#### BY NIGHT

Playing God of War- even though I've already finished the campaign

Watch Schitt's Creek... again

Listen to more Hip-hop

 Adobe Photoshop  
 Adobe After Effects  
 Adobe InDesign  
 Adobe Lightroom  
 Adobe Premiere Pro

### Education

Bachelor's degree in Communication Design  
 Milwaukee Institute of Art & Design  
 Cedarburg High School

### Experience

#### Graphic Designer / Animator Accelity

June 2021 - Present

Accelity is a marketing agency located in Milwaukee that services B2B and SaaS clients. Here, I am a designer, animator, and even a podcast editor! I make content offers, e-books, and social media graphics. I have continued my animation experience with how-to videos, logo animations, and narrated typography videos. I've also been put in charge of handling Accelity's social media posting across most platforms which have been great for practicing my skills with my own project management.

#### Graphic Designer / Animator Rev Pop

March 2019 - March 2020 (COVID-19 Layoff)

Rev Pop is a great design agency based in Milwaukee, with a focus on serving local clients and occasionally expanding beyond state borders. Within this workplace, I had the opportunity to contribute as a designer and animator working on various projects such as social media posts, booklets, posters, and animated explainer videos. My role involved animating logos and illustrations, playing a part in elevating our clients' branding and enhancing their public image.

#### Graphic Designer B Media

May 2017 - March 2019

Here, I collaborated on a wide variety of projects with production management, web developers, and videographers- aiming to enhance the image of both local and international companies. A significant aspect of my work involved creating social media graphics and ebooks. Additionally, I worked on projects beyond my normal mediums, such as assisting with film sets for nonprofit commercials. Working with B Media provided me with the opportunity to diversify the mediums I work with, enabling me to create pieces that effectively convey the brands' image and message.
